

# Southlake Baptist Mom's Day Out Illness Prevention Plan

We are so glad that we get to teach your children! We love to serve these families!  
With serving our families comes a responsibility to the health of ALL people involved:  
students, teachers, parents and extended families of our students.

We are prepared to meet that challenge and do ALL we can do to keep our children and families healthy.

---

**Important note:** We want our students to feel “normal” and NOT stressed. We will not talk about “Covid” or “coronavirus”. We will talk about “germs” if we need to, but we want our students (your kids) to be enjoying childhood! Our illness preventions are primarily done behind the scenes and not affect class time or learning.

---

There are four new protocols for childcare facilities: social distancing strategies, disinfecting efforts, drop off and pick up procedures and screening procedures. Below are those four protocols updated and how we will implement them at Southlake Baptist Mom's Day Out in 2021-2022. (“Screening” is done at home by parent)

## Drop off and Pick Up: Church Office and Kidz Wing Bridge

- We have full classes (and tiny parking lots), so we use two entrances to help with social distance and parking. The two drop off/pick up entrances are: Church Office Entry (Highland Street and Carroll), and Kidz Wing Bridge (off Carroll, nearer 114). Please email [Info@SBCmoms.com](mailto:Info@SBCmoms.com) if you are unsure which arrival/dismissal spot your family is assigned.

♣ **Church Office Entrance (near Highland Street):** Baby Blue, Emerald, Yellow, Orange

♣ **Bridge entrance- Kidz Wing:** Green, Blue, Purple, Violet (and younger siblings)

- **Drop off:** Parents will bring children inside to their classroom door and stay in the hall. Please don't enter classrooms, teachers will greet you at the doorway and help with belongings.
- **Pick up:** Parents will come inside to the classroom doors **WITH** the teal pick up cards by 2:30.  
\*\*\*Late fees occur after 2:30. (\$5 per child)\*\*\*

**\*\* If a student is arriving late or leaving early, please come to the BRIDGE entry.\*\***

## Distancing Efforts:

- **Separate drop off locations.** Please note which location you are dropping off and picking up- Church Office, or Kidz Wing Bridge.
- Nap mats will be 6 feet apart and/or head to toe arrangement
- Bigger circle for circle time
- Increase the distance between children during table work (when possible)

## Cleaning:

- **Disinfectant** bleach solution is effective against coronavirus. (not “whitening” bleach). Leave on for 1 min.
- Bleach solutions will be effective for disinfection up to 24 hours- new bleach solution will be mixed daily.
- Class time responsibilities:
  - Spray and wipe tables after every use
  - Classrooms surfaces, kitchens, chairs etc. are sprayed during recess for additional sanitation.
  - Remove and spray any toys that were in a child's mouth
  - Adjust the HVAC system to allow for more fresh air to enter the program space, if possible.
  - Bathrooms: Disinfected throughout the day
- Cleaning after classes:

- Clean objects/surfaces not ordinarily cleaned daily such as doorknobs, light switches, classroom sink, cabinet doors, cabinet handles, countertops, nap pads, toilet training potties, desks, chairs, cubbies.
- All activity containers will be sprayed with disinfectant solution and allowed to dry.
- All toys will be sanitized.

**What we need from parents/families:**

- So much love, patience and honesty.
- Add our phone number to your phone. 214-814-5516. If we need to get ahold of you, it's important to answer.
- **Note that our pick up and drop off locations have changed**
  - Church Office: Emerald, Baby Blue, Yellow, Orange
  - Kidz Wing Bridge: Violet, Purple, Green, Blue and younger siblings
- Vigilance about your child's health and the health of those they've been in contact with. Do not send your child to school if they feel "iffy".
- Please be mindful of the lunch you pack. Lunch boxes that open into sections (Bento box?) would be ideal so the lid can be removed and all food is ready. Bags of chips, granola bars, packaged food, juice boxes, etc require adult help and more "crossover". Please cut open those packages, or unwrap a cheese stick and put it in the lunch box, etc.

**Summary of illness preventions:**

- Hands sanitized upon arrival (in classroom)
- Separated drop off locations for distancing.
- Spray and wipe diaper pad between each child
- Bigger circle for circle time
- Classrooms are sanitized during recess for additional sanitation during the school day.
- Increase the distance between children during table work
- Incorporate more outside activities, where feasible.

**Recess:** Per the CDC, outdoor areas, like **playgrounds in schools and parks**, generally require **normal routine cleaning**, but **do not require disinfection**.
